Death of David Shields.

David Shields, who died June 7th, was known by many of our readers. He was the oldest son of the late Alexander and Jane Calderwood Shields. He has worked as a carpenter and a machinist in St. Johnsbury and neighboring towns, also in New York and Philadelphia. For ten or twelve years he has been in Boston when able to work. He was a conscientious man. That a piece of work would pass, did not satisfy him. It must be finished in the best way possible for him to do it. And because he took the trouble to learn to do well so many things he was very helpful to others.

About nineteen years ago, because some one had put one defective link in an otherwise strong chain, a swing staging on which he and the Abbott boys were painting gave way and all were severely injured. The injuries which David received developed into spinal disease from which he suffered intensely. But he was patient, hopeful and cheerful. He had planned for a busy summer at Lakeside, making Boston ice cream and candy. But a short, very severe attack of pneumonia ended his life. He will be greatly missed. As a boy and as a man his tastes were disciplined and refined. A perfect piece of intricate machinery, a choice picture, the rare perfume of a flower, the song of birds, the skill of a sects, the beauty of lake or river, the grandeur of mountain or ocean gave him a keenness of delight unknown to many. He studied and loved nature. The flower and tree by the wayside, the squirrel that crossed his path, the bird or bee on the wing were not merely a flower, a squirrel, or a bird to him, but he knew them each definitely.

While in his teens he united with the Covenant church of Barnet and has ever since been faithful to his vows. He was generous to a fault, and gave cheerily of his best to the cause or friend he loved. By many he was misunderstood. Those who knew him best loved him most. He felt that the mistakes of his life had been many, yet he had strong faith in the "divinity that shapes our ends, rough hew them as we may."

AT DANVILLE.

The drama Jedidiah Judkins, J. P., given by the students of Phillips Academy, drew out a large audience Friday evening. The parts were all taken by the scholars with the exception of the characters Jedidiah and Mrs. Craincross, which were excellently portrayed by Principal Goodnow and Miss Nancy Peck. The general verdict is that the scholars all took their parts with much credit to themselves and those who had the drilling in charge. The make-up of the different characters was particularly good, making it difficult at first to distinguish the performers. The proceeds amounted to \$45.
